Professional Summary

Computer Science student at IIIT Kottayam with hands-on experience building AI-integrated applications and responsive web interfaces. Delivered projects in production including a WhatsApp-based fact-checking bot and a multi-tool productivity app.

Technical Skills

Languages: Python, Java, C, SQL, JavaScript

Web Technologies: HTML, CSS

Tools & Platforms: Google Gemini API, Twilio, Render, Git, GitHub, Chrome Extension APIs

Areas of Interest: Software Development, Web Development, AI-Integrated Applications

Professional Experience

Web Developer Intern — Inamigos Foundation (NGO)

May 2026

HTML, CSS, JavaScript

- Built and deployed responsive web pages to present the NGO's activities, programs, and community impact.

Projects

CapDetector – AI WhatsApp Fact-Checking Bot — [GitHub](#)

May 2026

Node.js, Express.js, Google Gemini API, Twilio, Render

- Built an AI-powered WhatsApp bot to detect misinformation and fact-check forwarded messages in real time.
- Integrated Google Gemini API for AI response generation and Twilio for WhatsApp message handling.
- Deployed the backend on Render with automated webhook routing for seamless message processing.

Trackezz – Job Application Tracker Chrome Extension — [GitHub](#)

June 2026

JavaScript, Chrome Extension APIs, HTML, CSS, Gmail API, OAuth 2.0

- Built a Chrome extension that automatically scrapes and tracks job applications from LinkedIn, Internshala, Indeed, Naukri, and Unstop, eliminating manual entry entirely.
- Integrated Gmail API with OAuth 2.0 to scan past application emails and auto-update statuses (Interview, Offer, Rejected) based on keyword detection in incoming recruiter emails.
- Implemented a stats dashboard with application trends, response rates, and site-wise breakdowns, along with follow-up reminders for applications with no update after 7/14/30 days.

FunPetals – Productivity Web App — [GitHub](#)

March 2026

HTML, CSS, JavaScript

- Developed a flower-themed productivity web app combining a to-do list, focus timer, music player, doodle pad, and photo capture in one interface.
- Designed a responsive, visually engaging UI to improve usability and user engagement.

Education

B.Tech in Computer Science

2024 - 2028

Indian Institute of Information Technology Kottayam (IIIT Kottayam)

CGPA: 7.6 / 10.0
